2016 FALL
Workshops

At the Schoenbaum Family Center and Crane Center for Early Childhood Research and Policy we partner to improve children’s well-being through research, practice and policy.

Our offerings help researchers, practitioners and families enhance their skills to support young children by:

- Promoting a culture for ongoing professional development through experiences, exposure and structured learning to early childhood research
- Providing opportunities for Ohio State faculty, students and staff to learn about topics related to children’s learning as well as the latest CCEC research findings
- Offering solutions to families to tackle physical, behavioral and emotional issues in a holistic approach
- Bringing nationally renowned speakers and experts to campus to discuss pressing matters related to children’s well-being

Practitioner and Researcher Workshops

Our professional development opportunities and workshops are held at the Schoenbaum Family Center, 175 East Seventh Avenue in Columbus.

Monday, Aug. 22, from 12:30 p.m. – 3 p.m.
Practitioner Workshop: Learning and Behavior Challenges: I
Learn how adults can support young children with learning and behavioral challenges and how to see behind the behavior to understand the child’s needs. Examples of how to manage classroom behavior for infants, toddlers, and preschoolers will be discussed.

Tuesday, Aug. 23, from 1 p.m. – 3:30 p.m.
Practitioner Workshop: Learning and Behavior Challenges: II
A continued discussion of supporting young children with learning and behavioral challenges.

Tuesday, Sept. 20, from 9 a.m. – 12 p.m.
Researcher Workshop: Power Analysis for Research Design
Jessica Logan, CCEC Senior Research Scientist, will outline the basic components of a power analysis and walk through conducting single and multilevel applications in two free downloadable programs. Monte-carlo simulations for power in more complex analyses using Mplus will also be discussed.

Thursday, Nov. 17, from 5:30 p.m. – 8 p.m.
Practitioner Workshop: Language Rich Classrooms
Learn how you can support language development in your classroom through introducing preschoolers deliberately and recurrently to complex grammar and rich vocabulary where verbal interactions include high levels of adult attention and responsiveness.

Engage.
